

Interpretive Graphics / enviroSIGNS FTP Site

Instructions for Uploading Files:

- 1 - Go to: www.InterpretiveGraphics.com
- 2 - Click on the **FTP** link in the top right portion of the home page.
- 3 - Enter the user name: **FTPUSER** and the password: **IGSS3590** and log in.
- 4 - Select "**Upload**" and follow the instructions to identify the files you want to upload and double-click on the file or select "**open**" if there is more than one file. Your selected file name (or the number of files selected) will appear in the upload box. ZIPPED folders may also be selected. Click on "**Upload files.**"
- 5 - After you have selected "upload files," the system will pause and when the upload is complete, the upload box will disappear and a green "upload successful" message will appear briefly in the lower left corner. You can verify that the file or ZIPPED folder is uploaded by locating it in the FTP site list of files.
